

**YOUR SHOW.
YOUR MOMENTS.
YOUR LEGACY.**

PRESERVE THEM WITH SMART VAULT FROM IMES

LOS ANGELES | CHICAGO | NASHVILLE | NEW YORK CITY | TORONTO | LONDON | PARIS

The fans can't wait to hear that first live note.

Once you finally get back out there, **who's got your back** to ensure that the music moments you're creating can be relived and shared for generations to come?

If it's important to you that you have complete control over your content -- that it remains safe, lossless and accessible 24/7, forever -- you should consider creating your digital archive with us.

Smart Vault is a digital content repository that safely stores and organizes all of the moments you're creating. So when you're ready for the next documentary, tour, or production, your legacy is at your fingertips.

"We had been carrying our hard drives with us on tour in Pelican cases, which was getting old. We went looking for a highly secure long term digital storage option that would let us also easily search and preview the media that we stored. Smart Vault is the perfect solution, and we love that the IMES team is local industry insiders who are easy to work with."

-Photography and Video Editor for Major Country Performing Artist

WHY SMART VAULT?

01

SECURITY

Our Smart Vault is externally penetration-tested every year. It's never failed. Not once.

02

FLEXIBILITY

Smart Vault can plug into your existing workflow, or we can help you design a new one.

03

DATA INTEGRITY

With cloud storage solutions, data integrity checks are intermittent and based on probability. Our digital archive maintains perfect data integrity. Forever.

04

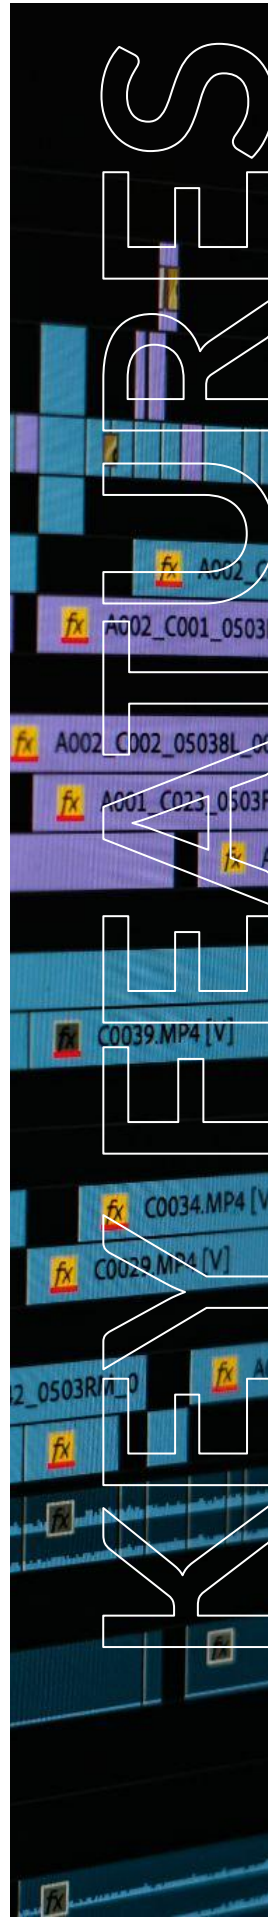

FULL-SERVICE

If you need it, our services include logistics and secure physical storage; comprehensive in-house media restoration, conversion, and transfer; and perpetual data migration. We take care of the technology, so you don't have to.

THE TECHNICAL STUFF

Smart Vault from IMES was designed by entertainment insiders for the unique needs of the entertainment industry. We think about **security, searchability and ease of access** so you don't have to. Smart Vault stores and **preserves your digital content exactly as you created it.**

- 01 Preview and search
- 02 Custom metadata schemas
- 03 Machine extraction of technical metadata
- 04 Managed data integrity across multiple sets of data
- 05 Managed security
- 06 Customization of features (user roles, delivery options, preview functionality)
- 07 24/7 on-demand retrieval
- 08 Data redundancy (3 identical copies created and maintained in geo-separate locations)

ABOUT IMES

You've been tasked with the critical and complex role of both preserving irreplaceable assets, and identifying the evolving technology to keep this content accessible for the world's audiences.

Everyone at IMES cares about your archive as much as you do. We think and act as an extension of your own team to meet the current and future needs of your archive for both historical preservation and revenue generation. We'll always hold ourselves accountable to your standards.

SMART VAULT FROM IMES

WE GET IT, AND WE'LL GET IT DONE

OUR PROMISE TO YOU

Industry-leading technology

Our tools and technology enable us to provide world class security, remediation, and inventory management, so you can confidently access your most important assets — now and forever — wherever they are.

01

02

One stop shop

Our complete chain of custody and services can support the entire asset lifecycle. We'll make it easier to solve a diverse set of challenges by tailoring solutions to meet your exact needs and requirements.

Passion and expertise

Experts, industry veterans, and specialists who truly love what they do; we work as an extension of your team, giving you confidence to solve any challenge that comes your way.
